DECORO MARMETTE

AVVERTENZA  
note

Il bordo del materiale è volutamente irregolare per esaltare il gusto classico del prodotto.  
La caratteristica e il pregio di questi materiali è la fortissima stonalizzazione, che rende unico ogni pavimento posato.  
The tile edge is intentionally irregular in order to enhance its classic nature.  
The peculiarity and the value of these materials is the very strong colour shading which makes every floor unique.
